Sub: - Nominations for the Training on "Post-Harvest Management and Storage Techniques" from 20-01-2020 to 24-01-2020 (5days) at NIPHM, Hyderabad -reg.

Dear Sir/ Madam,

Fruits and vegetables are highly perishable commodities due to high moisture content and higher metabolic activities. Pulses and cereals if properly stored can increase their shelf life. Post-harvest technologies constitute an inter-disciplinary science and techniques applied to agricultural commodities after harvest for the purpose of preservation, conservation, quality control/enhancement, processing, packaging storage, distribution, marketing and utilization to meet the food and nutritional requirements of consumers in relation to their needs.

In view of the above, NIPHM is organizing a basic training programme on **Post-Harvest Management and Storage Techniques** from 20-01-2020 to 24-01-2020.

S. No	Training course	Duration (days)	From	To
1.	Post-Harvest Management and Storage Techniques	5 days	20-01-2020	24-01-2020

This training will help to improve the role of post-harvest management for reduction of post-harvest losses in grains, fruits and vegetables to make them available for longer period in the market. Therefore, it is requested to kindly nominate 2-3 suitable officers for above said training programme at NIPHM, Hyderabad.

Further, it is also informed that

- Free boarding and lodging will be provided for the participants nominated by government departments, SAUs/ICAR Institutes for the training program.
- Participants will be paid to and from travel fare of journey by rail or bus as per the entitlement, restricted to the maximum of AC II tier train fare of the shortest route. **TA will be paid only on the production of original tickets.**
- Air fare (travelled by Air India only) shall be reimbursed to the participants from J&K, North Eastern states and Andaman & Nicobar subject to their entitlement and production of original boarding passes.
