### About KSWIFT

K-SWIFT (Kerala - Single Window Interface for Fast and Transparent Clearance) facilitates ease of doing business using ICT tools by integrating all the line departments using open API to bring under common platform.

K-SWIFT is a unified integrated platform for entrepreneurs to apply for all requisite clearances to start industry without any procedural delays in getting statutory clearances from various authorities concerned throughout the life cycle of projects.

12031	9419	8135	4574
Registered Entrepreneurs	Total Common Application Form	Proposed Employment	MSME Clearances

IN ASSOCIATION WITH

### Objectives

- Single Point Contact for Entrepreneurs across multiple departments
- One Stop repository for all Govt. notifications for Investors / Entrepreneurs
- Common Application form (CAF)
- Eliminating multiple point of contacts
- Automated Fees calculation by the System against each Service.
- Payment gateway integration
- Real time notifications and Alerts via e-mail, SMS & Dash board.
- Online tracking of Applications
- Grant of clearances in parallel
- Approval within fixed Time limit

## USER GUIDELINES (NON-ICT DEPARTMENTS)

EMPOWERING  
ENTERPRISES

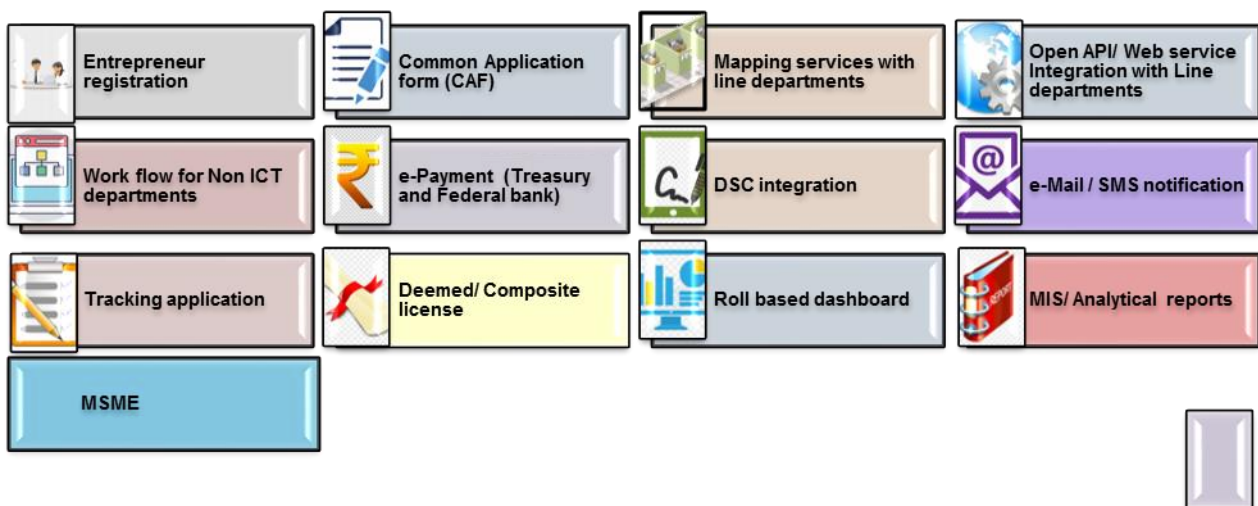

**K-Swift**  
Single Window Interface for Fast  
& Transparent Clearance

- Deemed approval
- Self certification for MSME
- Downloadable Digital Approvals
- Digital Composite License binding all the Departments

### Benefits

- Know your clearances
- Online submission through CAF
- One time document submission with CAF
- Advisory in start of each stage
- Multiple statutory payments in one go through Online Payment Gateway
- Paperless filling
- Online processing
- Cash less, paperless, contactless
- Single Level of approval
- Provides single point of contact
- Deemed Approval to reduce delays
- Stages and timeline defined
- Pre-cleared industrial sites
- Graphical Reports & MIS for Management
- Online Business Query Interface
- Land Bank Information
- Real time status tracking through SMS, Email
- Inter-department communication Mechanism
- DSC integration

# WORK FLOW FOR ISSUING LC

## Users involved

1. Administrator
2. KB user
3. Block user
4. District user
5. Final approval authority (Directorate/District)

## Role of Administrator

1. Define services
2. Define fee structure against services
3. Create offices
4. Create employees of Directorate and District level administrators
5. Mapping employees with roles
6. User management

## Steps to Create User & Assign Module to pre-existing users

1. Create Role - create role as Admin type (for District Admin like SP/SSP) and create role as User type (users other than district admin working at district level). Note: Only one Role shall be created for each Admin and User. This is one-time activity.
2. Menu Mapping – After Role creation, assign menu to that particular role, based on user's job function. This is also one-time activity.
3. Dashboard Mapping – Assign pillar wise dashboard to each role type.
4. Create User – After mapping, create user as District Admin or as Application user.

Verification 3

Project status can be updated only after submitted the checklist of each project.  
After 5 days from the submission of application, system will automatically give deemed approval for not submitted checklist.

Show 10 entries Search:

Select	Sl.No	Appl No	Project	Service	Status	Docs	Action
<input type="checkbox"/>	1	KL-1/2018	Project	Building Permit	Applied		
<input type="checkbox"/>	2	KL-1/2018	Project	Development/Redevelopment Permit	Applied		
<input type="checkbox"/>	3	KL-3/2018	TE 158	Building Permit	Applied		

The Action Menu item will display the pending Applications with Verification Officer. Here he can view the **Application Form and Status, Applicant Attached Document, Clearance Document, Department Attached Document, Quick Verification, Add New Clarification, Reply and Reply History** icons.

The work flow can be enabled against each project for respective Depts., only after the Quick verification by LSG is completed.

Here in the Quick Verification, LSG has to answer about 11 Qtns. Only after answering all the 11 Qtns. the SUBMIT button will be enabled. The **Attached Documents** etc. can be viewed by LSG. Also shows the Quick Verification Status.
