Sub: Seeking nominations for 2 day training program on "Basic requirement on pesticide residue analysis & equipment maintenance" scheduled to be held from 15th & 16th December 2020 - Reg.

Sir / Madam.

As you are aware that National Institute of Plant Health Management offers various capacity building programs in the areas of Pesticide Management, Plant Health Management, Plant Bio-security for promoting sustainable agriculture practices.

Accordingly, an Online training program on "Basic requirement on pesticide residue analysis & equipment maintenance" of 2 days duration is proposed through WEBEX platform from 15/12/2020 to 16/12/2020. The program is designed for the officials working in pesticide residues/analytical laboratories of State Government, Central Government, State Agricultural Universities and ICAR institutes. The program aims to benefit the officials working in laboratories to acquaint knowledge in Basic requirement on pesticide residue analysis & equipment maintenance.

Therefore, it is requested to nominate the Analysts officials working in pesticide residues/analytical laboratories for taking the benefit of the program. The online registration link for the program is available and active for registration in NIPHM website (<https://niphm.gov.in>) under the "Trainings" link. All Government Officials, after registration, need to upload their Nomination Letter issued by their concerned departments. The registration of candidate for the program will be approved only when the nomination letter is uploaded.

The Participants have to share their phone numbers and e-mail ID to create a Whatsapp group through which meeting ID and passwords will be shared on the scheduled day of the program. For any further assistance, the course coordinator Dr. Jetta Satyanarayana, Assistant Scientific Officer, PMD may be contacted through 9949465647 or satya_jou@yahoo.com

With Best Regards,

Yours faithfully,

Dr. Nirmali Saikia
Director - PMD I/c.
